

PUBLIC PRESENTATION AND Q&A SESSION

A public meeting will be held on Tuesday, August 28 concerning the new Town Center, one of the key components of the Big Darby Accord.

The Big Darby Accord Plan described the Town Center in general terms: an attractive, high-density mixed use development in Brown and Prairie Townships. The next step is hiring a consultant to prepare a Town Center Master Plan, a more specific and detailed document to make sure the new development is of high quality and attractive for everyone.

We are assembling a group of key people to help choose the consultant for the master plan. Join us to find out more.
